PRIVATE MEMBERS' MOTIONS TABLED ON MARCH 11th, 1980

(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)

1. *Mr. MacDonald*—Resolution—In order to establish in practice as well as in principle the independence of the Legislature, the nomination of the Speaker should be made by the Premier only after consultation with the leaders of the opposition parties; for other officers of the Assembly, namely, the Ombudsman, the Provincial Auditor, the Chief Electoral Officer, the Chairman of the Election Expenses Commission, the Clerk, and the First Clerk Assistant, nomination should be made by the Premier after consultation with the leaders of the Opposition parties, and shall be referred by the Assembly for review and report by the appropriate committee of the Legislature before confirmation by the Assembly; nomination by the Premier in accordance with these procedures should not preclude any member of the Legislature making another nomination which would be subject to the same review and report process. *To be debated on Thursday, April 3rd, 1980.*
2. *Mr. Smith* (Simcoe East)—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to officially recognize and condemn the atrocities committed by the Government of Turkey upon the Armenian people who were victims of persecution and genocide during World War I; and this House, on behalf of the people of Ontario, urges the Government of Canada to make appropriate representations to the General Assembly of the United Nations to recognize and condemn the Armenian genocide and to express the abhorrence of such actions as being in violation of the basic standards of human rights and decency now embodied in the United Nations Declaration of Human Rights; and this House, on behalf of the people of Ontario, recommends to the Government of Canada that it designate the 24th of April in every year hereafter throughout Canada as a Day of Remembrance for the Armenian community, as it has been by the Armenian people for many years in memory of fellow Armenians who suffered such crimes. *To be debated on Thursday, March 27th, 1980.*
3. *Mr. McKessock*—Resolution—That in the opinion of this House, the Government of Ontario should take immediate steps to see that the farmers of Ontario are given the same competitive opportunities provided by other provinces and

countries to their farmers, to allow Ontario farmers to compete fairly with other provinces in Canada and other countries of the world in agricultural production, and in this regard the government must take action, to reduce rural hydro rates, reduce farmer and small business interest rates, increase money for tile drainage, increase the capital support program to \$20,000, stop the encroachment of cities and towns onto prime agricultural land, stop non-resident foreign ownership of farm land, and many other areas in which the farmer could be helped to allow him to survive in Ontario. *To be debated on Thursday, April 10th, 1980.*

4. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—Life Together: A Report on Human Rights in Ontario—particularly inasmuch as it has now been three years since that report was received, and over five years since one Minister of Labour committed the Government to introducing amendments at the next session.
